KHANYISILE MAPHANGA

JUNIOR DEVELOPER

CAREER OBJECTIVES

I am seeking growth in my career where I will be able to put my frontend development skills into production, while improving and gaining experience in various languages & platforms.

One of my main objectives is to grow in the field through learning from my environment & my team.

Above all, I am looking to be exposed to the software development environment, through using innovative tools & technologies to solve computing problems effectively & efficiently.

EXPERIENCE

March 2017 – present

JUNIOR FRONT-END DEVELOPER INTERN

VUMATEL

As a front-end developer intern at Vumatel, my tasks varied from time to time working on the company's website & shop portal. I have also been signed up for a few courses with Udemy namely, The Web Development Bootcamp (HTML, CSS, JavaScript) , Linux Command Line Basics, Full-Stack Web Apps with Meteor and React. Since my internship began I've been introduced to **Mandrill & Mailchimp, Meteor, Atom and Quickbase**, to name a few. I plan to continue to grow and expand my knowledge in programming

Jan 2015 – Jan 2017

WEB DEVELOPER

NOVELTY TECHNOLOGIES

I have been working for Novelty Technologies part-time as their web developer. My duties included designing & updating their website, working with the following languages & platforms throughout the development for Novelty: **ASP.net, C#, HTML, Visual Studio** throughout the development. Novelty has become absolute as of 2017.

Nov 2015 – Dec 2015

SALES ASSISTANT

COTTON ON KIDS

I worked at Cotton On as a Christmas Casual for the festive season, whereby my responsibilities included sales, assisting customers, unpacking merchandise as well as racking up the clothes before and after the store opens.
